IRC
INTERVENTIONAL RADIOLOGY CLINIC
SOUTH TEXAS RADIOLOGY GROUP

Vivek G. Sahani, D.O., J.D.

Dr. Vivek Sahani is board certified in Vascular & Interventional Radiology and Diagnostic Radiology. He completed his fellowship at Massachusetts General Hospital, Harvard Medical School in Boston, and his residency at Baylor College of Medicine in Houston. He graduated from the University of Medicine and Dentistry of New Jersey and is a NJ native. He attended law school at Rutgers School of Law in NJ. Dr. Sahani is passionate about Prostate Artery Embolization, Complex IVC Filter Retrieval and Venous Recanalization. He is an Army veteran and serves as a Flight Surgeon.

Call 210-617-9070 to book a consultation with Dr. Sahani.

VASCULAR, INTERVENTIONAL & INTERVENTIONAL ONCOLOGY PROCEDURES OFFERED

Interventional Oncology
- Transarterial chemoembolization (TACE)
- Radioembolization (Y90)
- Radiofrequency ablation and cryo-ablation
- Lung, Liver, Kidney, Bone Tumors
- Portal vein embolization prior to hepatic tumor resection
- Radiofrequency ablation for treatment of osteoid osteoma and symptomatic bone metastases
- Pleurx long term cuffed drainage catheter placement for malignant ascites and pleural effusions
- Port placement
- Percutaneous biopsy

Pain Management
- Vertebroplasty & Kyphoplasty
- Celiac plexus and other nerve root blocks
- Epidural steroid injection
- Spinal facet injections
- Joint injections
- Palliative osseous tumor ablation

Venous
- DVT thrombolysis
- IVC filter placement
- Complex IVC filter retrieval
- Complete varicose vein treatment including laser ablation, microphlebectomy and sclerotherapy
- Venous angioplasty and stenting
- Venous access, including complex access

Endocrine
- Bilateral Inferior Petrosal Sinus Sampling for Cushing's Disease
- Parathyroid Hormone Venous Sampling for Primary Hyperparathyroidism
- Adrenal Vein Sampling for Primary Aldosteronism
- Arterial Stimulation Venous Sampling for Insulinoma/Gastrinoma
- Renal Venous Renin Sampling for Hypertension
- Gonadal Venous Sampling

Pulmonary
- CT-guided lung biopsies
- Bronchial artery embolization
- Pulmonary AVM embolization
- Tunneled pleural catheter insertion
- Chest tubes
- Thoracic duct embolization

Men's Health
- Prostate artery embolization
- Scrotal varicocele embolization

Women's Health
- Uterine fibroid embolization with radial access
- Pelvic Congestion Syndrome
- Post-partum hemorrhage
- Fallopian Tube recanalization

Peripheral Vascular Disease
- Angioplasty and stenting
- Atherectomy
- Catheter directed thrombolysis for acute limb ischemia

Dialysis Care
- Tunneled dialysis catheter placement and access
- Fistula and graft maintenance
- Mechanical and pharmacologic thrombolysis of dialysis grafts and fistulae
- Complex dialysis access including translumbar VC and transhepatic catheter placement
- Steal Syndrome Management
- Balloon assisted maturation of dialysis fistula

Hepatobiliary
- Transjugular intrahepatic portosystemic shunt (TIPS)
- Balloon-occlusion retrograde transvenous obliteration (BRTO) of varices
- Transhepatic variceal embolization
- Transjugular liver biopsy with portal venous pressure measurements
- Percutaneous transhepatic catheters (PTC) for biliary decompression or bileduct injury
- Biliary stenting, stone retrieval, and biopsies

Genitourinary/Gastrointestinal
- Percutaneous nephrostomy (PCN)
- Nephroureteral stenting
- Complex stone access for nephrolithotomy
- Percutaneous gastrojejunostomy
- Percutaneous gastrostomy
- Percutaneous jejunostomy
